Submission?*

1. To know more about SCM, applicants are advised to visit the School's home page at <http://www.cityu.edu.hk/scm>. The following videos may provide more information to you about the School:
 - SCM Overview
<https://www.scm.cityu.edu.hk/about-scm/school-overview>
 - Success Stories of SCM Alumni
<https://www.scm.cityu.edu.hk/alumni-stories>
2. Try using the System and get familiar with the portfolio uploading function as soon as it is open. Make sure you have sufficient time to clear any queries with SCM regarding portfolio submission before the System closes.
3. Your portfolio should be ready for upload before you log in the System to avoid time-out due to prolonged usage. For security, you may log in again to check if the uploaded file is correct before the System closes.
4. In case of extremely heavy usage, particularly before the submission deadline, the System may suspend temporarily to enable the server to process the portfolios in the queue. The following notice will be posted at the on-line portfolio submission log-in page. Applicants will be able to log in again after the System resumes service. Nevertheless, the closing time for on-line portfolio submission will remain the same under such circumstances.

Hence, you are strongly encouraged to **submit your portfolio well in advance of the submission deadline**. Be smart to avoid the last minute rush!

5. Acknowledgement of the uploaded portfolio will be sent to the email address you provided to CityU or JUPAS in relation to your admission application. Upon receiving the acknowledgement, you should log-in the System again to check if the file kept in the System is correct.
